

STUDENT MOBILE PHONE USAGE POLICY

Introduction:

St Paul's Primary School takes the safe and responsible use of digital technologies seriously. The school acknowledges that we live in a technology-rich world where mobile phones are an important communication tool. Research has found that mobile phones and other devices can be disruptive in classrooms and open to misuse at school. The unregulated presence of mobile phones and other devices in classrooms can undermine students' capacity to think, learn, remember, pay attention and regulate emotion.

St Paul's Primary School has developed this policy and associated procedure to provide staff members, students, parents and carers with clear guidelines on mobile phone restrictions, exemptions and storage requirements at school.

This policy takes effect at the commencement of the 2020 school year and complies with the direction of the Victorian Minister for Education under [Section 5.2.1\(2\)\(b\) of the Education and Training Reform Act 2006](#).

This policy applies to students and student mobile phones brought onto school premises during school hours, including recess and lunchtime.
