Friday 28 <sup>th</sup> May:	School Closure Day – No school for students
22 <sup>nd</sup> , 23 <sup>rd</sup> , 24 <sup>th</sup> June:	St. Paul's Production – 'Aladdin'.

Dear Parents/Carers,

Welcome back to Term II. We have a very busy term, especially with our production 'Aladdin' happening at the end of term. The children are looking forward to their performances on June 22<sup>nd</sup>, 23<sup>rd</sup> and 24<sup>th</sup>. Please note that information about ticket sales will follow shortly.

Over the holidays, Miss Rhiannon Cullum married her fiancé Hayden Micallef – we hope they have a long and happy life together. We welcome back Mrs Rhiannon Micallef. This week we welcome back from Maternity Leave Mrs Nicole Azarnikow (Wellbeing Leader) and Mrs Samantha Karigpolou (JPS Class teacher on Thursday and Friday). We also welcome Miss Ellen Carroll – full time teacher in SLS. We also welcome Miss Madelyn Byrne (Teacher Aide) to St Paul's. Mrs Amanda Gallus continues to remain on leave this term. Miss Ellen McKitterick will take Visual Arts classes this term. We hope to welcome Amanda back to St Paul's in Term III.

This Sunday, April 25th, we commemorate Anzac Day. This date is the anniversary of the day Australian and New Zealand soldiers landed on Gallipoli in 1915 as part of the Allies' invasion. Anzac Day is a time for us to recognise more than 1.5 million men and women who have served Australia in all conflicts, wars and peacekeeping operations. It's also a time to remember some 102,000 Australians who lost their lives as a result of that service.

**School photos will be taken tomorrow, 20<sup>th</sup> April.** Each child should have their own order form that was sent home last term. Please note that SchoolPix no longer accept cash payments for photos. All orders need to be made online. Family photos need to be booked online by 8.00am tomorrow – otherwise they will not be taken. Children will need to be in their full summer school uniform. If they have PE tomorrow, they will need to bring their runners to school to change into.

Please note there will be no school for children on Friday 28<sup>th</sup> May as all staff will be participating in a Writing professional learning activity.

I hope you all have a great week.

Yours sincerely,

Damian Casamento

Australian  
Childhood Anxiety  
TREATMENT STUDY

Free home-based  
assessment and treatment for  
7 to 12 year old children with  
fear and anxiety disorders.

Does your child become very afraid of certain  
situations or objects, worry about a lot of things,  
get very distressed, or try to avoid things they fear?

**About the study**

Our team at Griffith University may be able to assist  
you. We are conducting a nationwide study that  
includes the following services at no cost to families:

- A thorough assessment of your child's anxiety with a trained psychologist via the telephone;
- Your child receiving one or two kinds of home-based treatments delivered on a PC, laptop or tablet; and
- Two follow-up telephone assessments with a trained psychologist 6- and 12-months after treatment to track your child's progress.

The study aims to find out if these two treatments are  
as effective as each other, and which children have  
the best response to each kind of treatment. This will  
mean that there are more evidence-based treatments  
available for helping anxious children.

**About the treatments**

Each treatment involves your child completing  
treatment sessions at home on a PC, laptop or tablet.

Each treatment involves your child learning practical  
strategies to better manage anxiety.

- One treatment helps children learn to control the focus of their attention on helpful things around them.
- The other treatment helps children learn to think differently and approach things they fear.

Each treatment includes information, telephone or  
email support for parents in assisting their child to  
better manage anxiety.

Prior studies have shown that children who complete  
each treatment experience significant reductions  
in anxiety.

**Contact us**

This study is being funded by the National Health  
and Medical Research Council and is led by Professor  
Allison Waters and a team of experts in childhood  
anxiety disorders.

For more information about our study and our team, or if  
you would like your child to participate, please contact us:

GU Ref No: 2019/146

For some children, school isn't an easy  
place to be. Many find it hard because  
beyond the school gate they're dealing  
with some tough issues: family violence,  
neglect, living out of home or social and  
emotional challenges.

MacKillop Family Services needs to raise \$250,000  
to continue and grow their use of therapy dogs to  
support kids who've experienced  
abuse, neglect or other  
childhood trauma.

Help vulnerable kids in  
Victoria to connect with  
education and succeed  
at school, donate on  
Wednesday 28 April and have  
your donation tripled.
