Dear Families,

Last week we welcomed Mrs Melissa Romano and Miss Narelle Mullenger to St Paul's Primary School. Both Melissa and Narelle are Learning Support Officers and will be assisting in classrooms. We know they will be welcomed by all in our school community.

On Sunday, our Year 3 and 4 students, as well as other students from Years 6, will be receiving the Sacrament of Eucharist. I encourage the St. Paul's School Community to keep all of these children in your prayers. We pray that our First Communicants will continue to grow in their love for the Father and that they will be able to have many more meals at His holy table. Many thanks to Miss Lisa Peplow, Miss Rebecca Calleja, Miss Kathy Ly, Mrs Celeste D'Souza, Miss Teagan Cullum, Ms Christine Sursock, Mrs Michelle Favero, Mrs Claudia Razi and Mrs Haido Borg for the way they have prepared the children. Thank you to those families and staff who attended the Sacrament of Eucharist Family night on May 4th.

Last week our JMA students participated in their outdoor education experience by visiting the Eureka Building, the Shrine, the MCG and other Melbourne landmarks. It was a long day for the children but they really enjoyed themselves. Many thanks to all the JMA teachers – Miss Janelle Micallef, Miss Linda Hosni, Miss Melissa Dvorscak, Miss Rhiannon Cullum, Mr Matthew Kowlaczyk, Miss Genevieve O'Donnell and Mrs Samantha Karipoglou – for attending the excursion and to all the staff and family members who supported the children on the day. Your support is greatly appreciated.

The children's reports will be sent home on Tuesday 15th June. Learning Conversations (Parent Teacher Interviews) will be held on Thursday 17th June between 1.30pm and 7.00pm. Children will be dismissed at 1.00pm to allow conversations to begin at 1.30pm. More information will be sent home shortly.

Please note there will be no school for children on Friday 28th May as all staff will be participating in a Writing professional learning activity.

I hope you all have a great week.

Yours sincerely,

Damian Casamento
PRINCIPAL

SCHOOL DROP OFF

A big thank you to the students who are ready to get out of their cars quickly during the morning drop off. An even bigger thank you to the drivers who drive as far to the end as possible, as this moves cars off Glengala road much more quickly. A reminder that students AND adults need to wait for the supervising teacher to let them know when to cross. When we all work together and think of others, the whole process is safe and smooth.

Thank you,

Ms Michele (on behalf of the many morning drop off supervising teachers!)

Smart Ways to Help Children Learn

Every parent wants their child to succeed in school and in life. When a child's academic performance becomes a concern, parents and professionals can expend an enormous amount of energy on helping in this area. By providing a supportive environment, parents, family members and caregivers can help children to develop a set of attitudes and skills that help them learn how to take advantage of educational opportunities. Children learn by watching, by listening and especially by doing.

How School-Age Children Learn

- They can absorb information quickly and are excited by learning
- Children like structure, rules and knowing what is right and wrong
- Children are increasingly able to think of possible solutions to problems

- Small worries can distract children from thinking clearly
- A good nights sleep and healthy diet help with concentration
- Children need to be attending school regularly to keep up with schoolwork and to avoid gaps in their learning.

- A child's confidence is vital to learning
- Children learn through play
- Children's ability to read promotes success in school and life
- Applying skills to new situations is important to help children learn and homework allows children the opportunity to expand the skills learnt in school
