

Child Care Subsidy (CCS) and payments

As a new provider, we have applied to the government for Child Care Subsidy for this service.

As soon as CCS approval is received, we will let you know and apply the subsidy to your account, backdated up to 28 days. At this time, we will also turn on direct debits to make payments easier.

In the meantime, full fees apply and you can make ad-hoc payments towards your account.

To find out how much you could get, visit the [Services Australia website](#).
